NUMBER 35

## DR. S. D. CRENSHAW.

### A Prominent Veterinary Surgeon Dies at His Home in this City Tuesday Morning.

BORN AND REARED IN METCALFE COUNTY.

Dr. Selden D. Crenshaw, who was widely known as a veterinary surgeon, died at his home, in this city, Tuesday morning at 12:15, July 4. He had been in delicate health for some time, but he had hopes that he would recover until a few weeks ago, when he realized that he could live but a short time and so informed those who were nearest to him, and made preparation for the final dissolution. The end was peaceful, his wife and sons and several friends being at the bedside.

The deceased was forty-six years old and was born and reared at Knob Lick, Metcalfe county, becoming a citizen of Adair county about sixteen or eighteen years ago. Two years ago he sold his farm, purchased a home on Burkesville street in this town, where the end came. Several weeks ago he made a profession of his faith in Christ and united with the Presbyterian Church.

Until his health failed he was a very industrious man and had many friends, all of whom will be sorry to learn that he has passed from the daily walks of life.

The News joins this entire community in extending sympathy to the bereaved wife and two sons and all other relatives.

The funeral services were held at the residence this morning, conducted by Rev. J. R. Crawford and the interment was in the city cemetery. Many friends were present, showing great sympathy for the sorrowing wife and the two devoted sons. There were many floral offerings.

### Mrs. Mary Roberts Commits Suicide.

The Blair, Oklahoma Progress brings the News of the death of the subject of this notice, who committed suicide on Friday, June 16, by taking carbolic acid. The deceased lived with her husband, B. L. Roberts, and her children, one and a half miles from Blair, Okla., and judging from reading the article, she had many friends. The deceased was born and reared near Breeding, this county, her maiden name being McKinney. She was evidently unbalanced, and was brooding over fancied troubles. Her husband had not been absent from the home but a very few minutes when Mrs. Roberts kissed her younger children good bye, telling them to be good and to say for her, farewell to an older brother and their father. She then went into a room, let down the blinds, took the poison and was dead in a very short time. The husband and children are almost distracted over the tragic event.

The funeral services were conducted at the home the Sunday following, and the interment was in the Blair cemetery.

Mr. J. M. Campbell, who has been connected with the Cumberland Grocery Company, tendered his resignation several weeks ago, and is now located at Little Rock, Ark. In that city he purchased an interest in an ice cream factory that is doing a fine business. His family will leave to be with him in a short time. Mr. Campbell is a fine citizen and has a wife and a young son, and Adair county regrets to give them up.

The ball games at Lebanon Chautauqua, Lebanon, Springfield, Barkstown, and Greensburg contesting, stand as follows up to this writing: Springfield won one and lost none, Greensburg lost one; Lebanon lost one. Barkstown and Springfield were billed to meet yesterday. Greensburg plays Bardstown Thursday. The capital prize, \$50, second prize \$35. Romie Judd and William Young, this place, are the pitchers for Greensburg. Young will pitch Thursday's game.

Rev. D. H. Howerton preached two very interesting sermons last Sunday. In the forenoon his subject was Good citizenship, the lawless getting some hard knocks, but much wholesome advice. His evening discourse was delivered to young men at the lawn of Mr. W. L. Walker.

We understand that the prospects for corn in the Portland section, this county, was never better, and from many other localities the same flattering prospects have been received. Even corn on thin upland looks surprisingly good. During the last two weeks good rains have visited all parts of the county. The oat crop is said to be short.

## The Vote of Adair County.

The following is the vote of Adair County in Saturday's State Democratic primary. The figures are not likely to be changed by the official count:

Ollie M. Janes, United States Senator, no opposition,	748
Governor, J. B. McCreary	529
" Wm. Addams,	386
Lieut. Governor, McDermott,	490
" " Edwards,	298
" " Stuart,	15
Treasurer, Rhea,	744
Auditor Bosworth,	561
" Laffoon,	218
Attorney General, Garnett,	1,018
" " Pollard,	14
Secretary State, Crecelius,	672

" Littrell,	231
" Eubank,	203
Commissioner, J. W. Newman	515
" Hill,	203
" Wyatt,	31
Clerk Court Appeals, Green,	458
" " Chinn,	352

There were 22 scattering votes for Paynter for U. S. Senator.

### Admitted to the Bar.

Hon. James F. Montgomery and his son, Mr. Ray Montgomery, were in Greensburg last Thursday and Friday. While there the latter was examined before Judge Thurman, two attorneys doing the quizzing, as to his qualifications to practice law. The examination was perfectly satisfactory, and Mr. Montgomery was given license. We do not know whether he intends to practice here or go elsewhere, but be that as it may, we trust that he will be successful in his chosen profession. He has evidently had excellent training, his father being a learned lawyer, hence there is no reason why he should not succeed.

## PREACHING NEXT SUNDAY.

W. H. C. Sandidge, Ebenezer.  
F. J. Barger, Egypt.  
Z. T. Williams, Columbia.  
J. R. Crawford, Columbia.  
G. W. Pangburn, Gradyville.  
J. F. Black, Gradyville.  
J. F. Turner, Red Lick.  
B. M. Currie, Columbia.  
C. F. Breeding, Providence.  
T. E. Ennis, Greensburg.  
W. S. Dudgeon, Milltown.  
J. F. Roach, Fry.  
L. F. Payne, Morris Chapel.  
D. H. Howerton, Zion.

### Notice, Important sale.

The Font Hill Roller Mill and the site on which same is located, at Font Hill, Ky., will be sold under judgment of Court at 1 o'clock p. m., on Monday, the 10th day of July, 1911, at the courthouse door in Jamestown, Ky., to the highest and best bidder on a credit of 6, 12 and 18 months time. Said mill is in good running condition and well located.  
H. H. Danbar, Master C. R. C. C.

I desire again to remind the ministers of the county of whatever evangelical faith, that the Pastors' Association meets at the M. E. Church, South, in Columbia, on Monday after the second Sunday in each month. Bear in mind the meeting for next Monday at ten o'clock a. m., and be present.

D. H. Howerton, Sec'y

John Tyler Smith a well-known colored man who lived a few miles from Columbia, died last Sunday morning. He was about sixty-six years old and had been a pensioner for a quarter of a century, drawing thirty dollars a month, the greater portion of the time. He was a victim of inflammatory rheumatism.

Last Sunday was National Peace Sunday, and it was the subject in the forenoon of Rev. B. M. Currie's discourse. It was historical and was of special interest. He also spoke entertainingly at the evening hour.

Mr. Herbert Smith left yesterday morning for Elizabethtown, as a delegate to the Epworth League Conference in that city. His report will be given at the Epworth League meeting next Sunday night.

Mrs. Nancy Kearns, who removed from Cane Valley to Highland Park about one year ago, died last Saturday and her remains were brought to this county for interment. She leaves several children.

The Lindsey-Wilson catalogues have just been completed at this office. The Graded School catalogue is in type, the Burkesville, Tompkinsville and Columbia catalogues for their respective fairs will be pushed as rapidly as possible.

HON. JAMES GARNETT.

He won for Attorney General in the Democratic State primary by about 30,000 majority.

### Death of Mr. J. D. Absher.

After a long illness, Mr. J. D. Absher, who was well-known in the north-eastern portion of Adair county, died Monday afternoon at 3 o'clock. He was about seventy years old, and was a kind and sympathetic man, and was quite popular in his neighborhood. He was very hospitable, and was perfectly delighted while entertaining guests at his home. His death cast a shadow of gloom over the community where he was so well known and where he will be greatly missed.

He was a member of Egypt Masonic Lodge, and was worshipful Master, at the time of his death. He was buried by the fraternity, many relatives and friends being present.

The News extends its sympathy to all those who keenly feel the loss of this father, brother and friend.

### Five Head of Stock Burned.

Mr. Jo Shives, who sells goods at the old Patten stand, two miles this side of Breeding, had the misfortune to lose his barn by fire last Thursday night. Two mules and one horse belonging to Mr. Shives, one horse owned by Finis Sfrange, and a horse belonging to another gentleman and a lot of provender were consumed.

The well-known firm, Crutcher & Stark, Louisville, are closing out every thing in their line to make room for fall goods. They have an immense stock from which to select, and all orders will be promptly filled. Mr. W. E. Bradshaw, of this place, is a salesman in this store and orders from Adair county will receive his personal attention.

FARM FOR SALE.—It contains 92 acres, well watered, stony and a half house, plenty of young timber, close to church and school house. Will sell cheap if sold soon. For information, write or call on R. B. Guinn, Campbellsville, Ky. —35 4t.

Miss Vic Hughes entertained last Saturday evening in honor of her visitors. Those present were; Allen Richardson, Juanita Richardson, Ethel Bridgewater, Grace Sutherland, Muriel warfield, Ray Montgomery, Romie Judd, Herschel Baker, E. G. Hulse, Tom Judd, Reed Shelton.

Mr. E. L. Sinclair is making preparations to remove from this place to Louisville. He had a sale last Monday. He calculates to make some kind of business in the city, but has not yet determined what he will engage in.

Mr. R. S. Goode, of Garber, Okla., who is a staunch friend to this paper, in enclosing a check for arrears, and a sufficiency to advance him for some time, says: "Oklahoma is hot and dry. A fair wheat crop, but unless it rains soon there will be no corn."

The Liberty Fair will open August 23, three days. In our fair dates the statement is made that it begins the 22nd four days, which is a mistake. The error will be corrected next week.

The wheat threshers are now moving over the county. Several crops have been threshed.

## THE GLORIOUS FOURTH

### It Was Appropriately Celebrated Here by the Modern Woodmen of America.

### GOOD SPEECHES—FINE TIME.

The Modern Woodmen of this place gave out three week ago that they would celebrate Independence Day by given an old time picnic at the Fair Grounds, to which every body was cordially invited. Early in the morning people living out of town commenced to arrive, and by eleven o'clock the grounds were covered with humanity. The Columbia Brass Band, assisted by members of the Campbellsville band, notified Columbians when to start, and by the noon hour the amphitheater looked like the second day of the Columbia Fair was in progress.

The exercises were opened with prayer by Rev. J. R. Crawford, followed by the reading of the Declaration of Independence, by Judge T. A. Murrell.

Mr. Ray Montgomery then introduced Mr. L. R. Curtis, a young attorney of Louisville, who made a most beautiful talk on "Woodcraft." It was delivered in a most pleasing manner, abounding in much wholesome advice which will prove of great benefit to all Neighbors who heard it. The speakers visit to Columbia will long be remembered by his brethren here, and he is fraternally invited to meet them on some future occasion.

At the close of Mr. Curtis' speech dinner was announced, and there was an abundance for the many hundreds who were present. In fact, after every body had been waited upon there was enough left to have fed a multitude. In the afternoon Mr. G. P. Smythe, the well-known attorney, and Rev. J. R. Crawford addressed the assembly. The former took for his subject the New and old Fourth, contrasting the two—from shooting and frolics, to a day of peaceful enjoyment.

Mr. Crawford took up the flag of our country, showing how it was respected, naming many notables who had fought under it. Both of these speeches were highly enjoyable.

Adair county people know how to act, but it is not out of place to state that the lawless were conspicuously absent, and peace and enjoyment reigned throughout the day.

The Modern Woodmen are to be congratulated, and the thanks of their many guests are due them.

### For Sale.

44 acres of land four or five acres of good timber, being a part of the John L. Lapsley farm, lying on north side of Jamestown and Columbia road. About one and fourth miles west of Esto, Ky. Mrs. Emerine Collins, 2331 Gould St. Dallas, Tex. 32-6t

Dr. John I. McClinton, who is a prominent physician at Rowena, charged with detaining a woman, indicted by a grand jury of Russell county, was tried at Jamestown, last week, and acquitted. The defense was represented by Mr. Rollin Hurt, this place, and Phelps & Bertram, of the local bar. The State by Commonwealth's Attorney A. A. Huddleston, the County Attorney, J. N. Meadows, and Judge Harrison, of the Monticello bar. The case was stubbornly fought to a finish.

Mr. Morris Baldauf, who was an uncle of Mr. Jo Rosenfield and of Mr. Leo Baldauf, who is a son-in-law of Mr. Sam Lewis, died in Louisville last week. The deceased was a retired business man, and highly respected. Mr. Rosenfield attended the funeral.

Mr. Scott Montgomery conveyed to S. P. Summers, A. D. Patten and John Lee Walker, last week, a little over three acres of land, lying back of their premises, for \$800.

Charles Turner, a boy, was convicted in the Russell Circuit Court last week for forgery. On account of his age he was sent to the House of Reform. It is our understanding that he forged a name to a check which was paid at one of the banks in Russell county.

Rev. D. H. Howerton left Monday for Campbellsville where he will make an address at the Bible Institute. He will return Friday afternoon accompanied by his wife and son, who have been visiting her relatives in Russellville.

Miss Kate Coomer, who was twenty years old, and whose home was near Nell, this county, was adjudged a lunatic last Wednesday, and sent to the asylum.

## Webb Cross Roads.

The farmers of this were pleased to see the much needed rain which fell last week. The gardens and corn are looking much better now and we are expecting wheat to turn out well.

All the sick are recovering except Mrs. Mary Stackhouse and Mrs. Patsey Withers, who seem to be no better.

Miss Jessie Wier who has had measles has about recovered and will begin her school the third day of July.

Mr. J. A. Webb, merchant of this place is still doing a good business.

Mr. Logan Rexroat and Miss Loula Tarter, were happily united in matrimony a few days ago.

Mr. W. E. Weir while hoeing corn last week stepped on the largest rattle snake he thinks he ever saw, and he has seen many.

The snake was in the act of swallowing a partridge or it would perhaps have bitten him.

Mr. Smith of Smiths Bottom, was through here last week inspecting sheep.

Mr. O. J. Weir a former resident of this place has been hired to teach another year in Clafin, Kansas, at a salary of \$1,000 a year. He has taught there two years and seemingly given perfect satisfaction.

Town taxes are now due call and settle at once. Geo. Coffey, Collector.

## Ella.

Mr. Lora Burton and wife were visiting the latter's parents in Russell county, last Saturday and Sunday.

Misses Malindia and Lena Dooley were in Columbia shopping last Tuesday.

## ANIMALS' TOILETS.

Fur Seals Are as Particular as Women in Fixing Up.

The cat carries her clothesbrush in her mouth, for with her rough tongue she cleanses her glossy coat as a boy brushes off his clothes. She licks one of her front paws and rubs it over her face and she is ready for her breakfast.

Foxes, dogs and wolves do not use their mouths when they need to wash and brush, but scratch themselves vigorously with their hind paws and are as fresh as ever.

The cow with her long, rough tongue combs her coat of hair until it is clean and curly. The horse more than any other animal depends on his owner to keep his coat in proper condition, but often he will roll on the green grass or rub himself down against a tree or fence.

Field mice comb their hair with their hind legs, and the fur seal in a similar manner spends as much time as a woman in making herself look smart.

Although the elephant appears to be thick skinned and callous, he takes great care of his skin. He often gives himself a shower bath by drawing water into his long trunk and blowing it on the different parts of his body. After the bath he sometimes rolls himself in a toilet preparation of dust to keep off the flies.—Our Dumb Animals.

## GAMBLER FOR A GIRL.

Prince Lucien Bonaparte Won a Bride From His Brother Pierre.

It is said that the two brothers, Prince Louis Lucien Bonaparte and Prince Pierre, in their early youth when shooting mousins in the mountains in Corsica, came across a beautiful peasant girl with whom they both fell violently in love.

Who she was and whether she favored both brothers or neither I cannot tell. Be that as it may, they quarreled. Les preux chevaliers of old would no doubt in similar occurrence have had recourse to lance and sword. The Corsican princes decided to play for the nearest inn and wrote and signed a paper agreeing that whichever won the game should marry the lady fair. Prince Lucien won and, faithful to his word, a short time after married her.

She never left the island as far as I know. Prince Lucien lived in England, securing to her a comfortable income, which she received till her death, somewhere about the spring of 1891.—From the Princess Murat's Memoirs.

## Flower Perfumes.

A garden full of flowers is more fragrant when shadowed by a cloud than when bathed in sunshine; at least that is the conclusion to which experiments of a French scientist lead. He asserts that it is light and not, as commonly believed, oxygen that exerts the greatest influence in desorbing odors. According to the same authority, the intensity of the perfume given off by a flower depends upon the relation between the pressure of water in the cells of the plant, which tends to drive out the essential oils that cause the odor, and the action of the sunlight, which tends to diminish water pressure in the cells. Sprinkling the plant increases the turgescence and as a consequence a more copious production of perfume. At night the air round a flower bed is heavy with odors, because then their emanation is not opposed by the sunlight.—New York Tribune.

## The Shapes of Eggs.

There was recently had before the Zoological society of London a mathematical discussion of the differences in the shape of eggs. A few eggs, like those of the owl and the tortoise, are spherical, or nearly so; a few, like the grebe's or the cormorant's, are elliptical, with symmetrical ends; the great majority, like the hen's, are ovoid, or blunter at one end than the other. The hen's egg is always laid blunt end foremost. Eggs that are the most unsymmetrical are also eggs of large size relatively to the parent bird. The yolks of eggs are spherical, whatever the form of the entire egg may be. This has been shown to be due to their being inclosed in a fluid, the "white," which makes the pressure everywhere on the surface of the yolk practically constant.—Scientific American.

## Just a Bit Too Apt.

To eke out his salary the people of a small country church gave their pastor a donation party, among the presents being a fine new dress coat for the pastor and a pretty bonnet for his wife.

On the following Sunday as they walked up the aisle in their new habiliments the choir inadvertently struck out with the voluntary—much to the discomfort of the sensitive clergyman and his wife—"Who are these in bright array?"—Ladies' Home Journal.

## Young, but Wise.

"But mamma thinks I am too young to marry."

"Why should she think that? You're much older than she was when she got married, aren't you?"

"Yes, but father was drawing a much larger salary at the time than you're getting."—Chicago Record-Herald.

## Practiced, but Not Perfect.

Jack—"I'll be frank with you. You are not the first girl I've kissed by any means. Maud—And I'll be equally frank with you. You have a great deal to learn, even at that."—Boston Transcript.

Resolve not to be poor; whatever you have, spend less.—Dr. Johnson.

## THE CONFEDERATE SOLDIER.

An Incident That Marked His Spirit and Independence.

In his "Glimpses of the Confederate Army" in the American Review of Reviews Randolph H. McKim writes:

"It seems to me as I look back that one of the things which stood out strongly in the Confederate army was the independence and the initiative of the individual soldier. It would have been a better army in the field if it had been welded together by a stricter discipline, but this defect was largely atoned for by the strong individuality of the units in the column. It was not easy to demoralize a body composed of men who thought and acted in a spirit of independence in battle.

"As an illustration of the spirit of the private soldier I recall an incident to this effect. Major General Gordon had organized a strong column to make a night attack on Grant's lines at Petersburg. When he was ready to move and the order to advance was given a Big Texan stepped out of the ranks and said:

"General Gordon, this column can't move before 1 a. m. The men have a truce with the Yanks, and it ain't up till 1 o'clock."

"The column did not move till that hour. The private in the ranks had taken command, and the major general recognized his authority."

## PONGEES HARD TO MATCH.

Because Each Piece Is Made From One Lot of Raw Silk.

Pongee silk is the undyed silk of silkworms fed on the leaves of scrub oak chiefly, though other trees are used in some portions of the pongee district. The silk is produced almost exclusively in Shantung province and portions of north China immediately adjacent.

The real pongee cloth, made of this uncolored specially produced silk, is distinct from the pongees of commerce made in all colors from other silk. Each piece of cloth is made from a particular lot of silk, and therefore each piece varies from all other pieces in exact quality, weight and fineness and in a slight degree in color and other qualities.

There are certain general grades of cloth, certain varieties of weave, certain popular weights, etc., but women shopping in Chinese pongees find it very difficult to match pieces, and on the face of things it is practically impossible to furnish any great number of pieces of a certain weight, grade and quality such as a modern clothing manufacturing establishment would require to standardize a certain line of garments from that particular cloth.—New York Sun.

## Located His Station.

There was an absentminded bishop in western Ontario, who was constantly finding himself in awkward situations, on account of his extreme abstraction. On a certain occasion he was travelling from London in a northerly direction and found when the conductor approached him that he had forgotten where he was to go. The conductor suggested that he telegraph from the next station and find out his destination. It was before the days of long distance telephones, and the bishop telegraphed to his wife from the first station, "Where was I going?" to be answered at the following station. The answer came, "Exeter; be sure to get off there." The bishop then beamed at the anxious conductor and remarked placidly: "These little difficulties always turn out satisfactorily."—Argonaut.

## It Depends on the Dog.

Two Broadway business men met before a bar. They were good friends. "I'm worried a little," said one. "My chauffeur ran over a dog today and killed it."

"Oh, I wouldn't worry about a little thing like that," said the other. "The dog probably got in the way. These dogs are a pest."

"But it was your dog."

"What?" came from the second. "My dog? I'm sorry, but that will cost you \$100. That chauffeur of yours is too careless. I insist on the hundred, understand."—New York Telegraph.

## Cross Purposes.

"Can you tell me something about the game laws around here?" asked the stranger in Crinson Gulch.

"Well," replied Three Fingers Sam. "I could, but my advice to you would be if you don't know the rules of a game don't try to play it."—Washington Star.

## Character.

Should one tell you that a mountain had changed its place you are at liberty to doubt it, but if any one tells you that a man has changed his character do not believe it.—Mohammed.

## German Pedigree Book.

There is in Germany what is known as the "German Pedigree Book" or "Deutsches Geschlechterbuch." The purpose of the pedigree book, according to a Berlin correspondent, is to record the ancestry not of nobles, but of bourgeois persons who can prove that they are of genuine middle class or working class ancestry and have no noble blood in their veins. The editor explains in his preface that, while many German nobles "out of court and material considerations have not kept their blood pure, there are many good business class families which have managed to do so." By thus encouraging the proper pride of such families the pedigree book is doing much to eradicate the traditional envy of the nobles.

## THE ADAIR COUNTY NEWS

Published Every Wednesday

BY THE  
Adair County News Company.  
(INCORPORATED.)

CHAS. S. HARRIS EDITOR.

Democratic newspaper devoted to the interest of the City of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Post-office as second class mail matter.

WED. JULY. 5. 1911.

## Democratic Ticket.

United States Senator, Ollie M. James of Crittender County.

Governor, Jas. B. McCreary of Madison County.

Lieut. Gov. in doubt.

Auditor, in doubt.  
Hopkins county.

Attorney General, Jas. Garnett, of Adair county.

Secretary of State, C. F. Creclius of Pendleton county.

Superintendent of Public Instruction, Barksdale Hamlett, of Christian county.

Commissioner of Agriculture, J. W. Newman of Woodford county.

Clerk of Court of Appeals, Robert Green of Franklin county.

Treasurer, Thos. Rhea, of Logan county.

Railroad Commissioner, Wm. Klair, of Fayette county.

The majority of 30,000 votes given Mr. Garnett, of this town, for the Democratic nomination for Attorney General over his worthy competitor, is a tribute of esteem and confidence but few men ever enjoy under similar circumstances, and when the polls close next November the wisdom of Saturdays work will be clear to all. Mr. Garnett has a broad acquaintance, and in every part of the State friends who are as loyal as the needle to the pole, besides this he is a man who makes friends and retains them. He being the only candidate that South Central Kentucky Democracy has asked the party to honor with a nomination for a State office for many years. We felt that our petition would be granted to the fullest extent, and so it has. This part of the State has not been honored by a Democratic candidate on the party ticket, since Gov. J. R. Hindman was elected Lieutenant Governor, many years ago, and has never had a nominee that failed of election or disappointed the people in giving valuable, honest service. Mr. Garnett is truly appreciative of the splendid vote given him throughout the State, but most especially in his home county and this entire section, while not voting full strength, but almost solidly for him, his opponent getting less than the baker's dozen in several counties. He directs us to express his appreciation to the people at home and elsewhere, for the hearty endorsement and, if elected next November promises to be as loyal and true to the discharge of his official duties as the voters have been to him. We know we but feebly express the appreciation of the Demo-

crats in this part of the Commonwealth, when we state that we are all rejoicing over Mr. Garnett's magnificent victory, and when the final contest comes, will show to other parts of the State that no mistake has been made. Adair County Democrats and this entire side of old Kentucky tender their many thanks to the many who helped to place on our ticket, Mr. Garnett, one of the best young men ever offered the party for a responsible position, from this the Southern side.

The primary passed without difficulties in every part of the State, and so far as we know was conducted with the utmost fairness. There may be grounds for regret on the part of those defeated, but no cause for complaint or soreness against those who won and who are our nominees. The magnificent majorities given some aspirants do not indicate rabid disapproval of the defeated, but evidences the strong confidence the people have in those selected to make our ticket. The conflict is over, over without discord or disruption, and if there ever was a ticket named in this State, that merited the enthusiastic support of Democrats, then it is certainly the one selected last Saturday. Within a short while these gentlemen will be commissioned by their party to accept and execute the party policy as set forth in a platform made in a convention of intelligent and conservative Democrats who have the best interests of the State at heart.

Hon. Wallace Brown, of Nelson county, will be a candidate for Speaker before the Democratic House Caucus of the next General Assembly. He is a man of honor, a parliamentarian of ability, and stands for progressive ideas. He wants the Third House cut out, and if he is elected to preside over the Representatives, he will see that lobbyist take a back seat. Mr. Brown is a newspaper man, and has been writing strong articles, advocating needed reforms.

The race for Lieut. Governor and Auditor is very close, and the winners have not been announced. To us it looks like McDermott has won for Lieutenant Governor, and in the Auditor's race it appears that Bosworth will win, though the friends of Mr. Laffoon are claiming his election. A day or two will tell the tale.

The nomination of Hon. Jas. B. McCreary was a fore-gone conclusion from the day he announced his candidacy for Governor.

## Montpelier.

Corn is looking fine in this part of the country, but I think another good shower with the one we have had this a. m., would help.

The people of this place, are very busy stacking wheat.

Miss Flora Grider, Nell Williams and Pearl Bradshaw, of this place, were visiting Miss Ada Epperson, last Sunday.

Misses Mae and Alice Williams were visiting Misses Bessie and Myrtle Calhoun, Saturday night. Owing to the dry season gardens are not looking well.

There will be an all day singing at White Oak Church,

the 3rd Sunday in July. Every body invited. Don't be afraid but what you will get your dinner. Singing conducted by Otis Stapp.

## Webbs Roads.

Farmers are very busy this week laying by corn.

Every one was delighted to see the good rain that fell here Monday. Corn crops were needing rain, and gardens were almost burned up.

The people of this community are very much delighted with the way our court is dealing with the whisky sellers. Let the good work go on.

Mr. E. W. Webb was quite sick several days this week.

Mr. and Mrs. Frank Foley visited relatives and friends in Adair county this week.

Misses Hattie and Jessie Weir visited Misses Capitola and Clarice Webb one day this week.

Mr. and Mrs. Bartleson were here last Wednesday.

There seems to be an abundance of black berries in this neighborhood.

Some of the farmers in this community are having their wheat threshed.

Mr. and Mrs. N. E. Weir visited relatives near Pellyton, last week, and attended the ice cream supper at Joe Thomas', Saturday night.

Mr. S. C. Neat and daughter, Miss Willard, passed through this place last Tuesday.

## South Lebanon, Ohio.

## Editor News:

I am still liking this part of the country fine. Crops of all kinds are looking well, as we have had plenty of rain. Wheat and hay harvest is on hand now, and there are not enough work hands to supply the demand.

If any of the Adair county boys are out of employment, they could find plenty of work here on the farm or in the factory, and get good wages. Several Kentucky boys came here, but they got home sick, and returned home. That is right boys, love the home of your childhood, for it is the sweetest place in memory. I would like to be home and attend one of those all day singings, and dinner on the ground. There is never any thing doing like that up here.

The boys from Dayton and Cincinnati have a big time on Sundays motorcycling. There are good roads here, and it is a pleasure to take a ride on one. They run them at the rate of 75 miles per hour. The automobiles are taking the place of the horse and buggy altogether here. You will see a dozen autos where you don't see one buggy.

This is a pretty country in the good old Summer time when the trees are green.

Well as this is all I think of at present, I will stop for this time. Best wishes to all,

Jack Bailey.

### Paden, Okla.

Enclosed find check for \$1.00 to pay for years subscription to your valuable paper, it is a welcome visitor in our western home.

We are located near the central part of the state, 70 miles east of Guthrie, in a fine farming region, the principal crops cotton, corn, oats alfalfa and all kinds of vegetables. Paden, our little town of some six hundred souls, on Ft. Smith and Western R. R., is not a boom town but continues a substantial growth. At present it has one bank, another in course of construction, seven dry goods stores, two hardware stores, two blacksmith shops, ice plant, three cotton gins, one good public school building and county high school building being constructed schools are among the best.

I have been here three years but this is the dryest of any so far. Corn is damaging seriously—a failure if it doesn't rain soon, but cotton being a harder plant can stand considerable dry weather. I have been teaching

since 12 of Dec. 1911. Lots better opportunities for teaching here than in the old states. I visited our county normal being held at Ohemah, the county seat, and found at least two thirds of the attendance lady teachers. So you see there are good chances for a man who desires to pursue that profession.

Ed Lawless and P. A. Corban, went down to North Canadian river, some 4 miles South, and came back with a 51 pound cat fish before night. You know Pitman took quick forward march L. C. and Orlie Acree left here the 10th, for the honest fields of western Oklahoma.

For fear my letter might be consigned to waste basket will close by saying, wish I was in Ky., to vote for Jas. Garnett, for Attorney General.

Yours Sincerely,  
B. F. Lawless.

## IN THE REALM OF FASHION

### Gown of Embroidery.

Broderie anglaise, or eyelet embroidery, as some call it, is popular in the designing of the white wash dress and blouse. The sketch presents a particularly chic model in broderie anglaise. The skirt has a center panel

WHITE WASH DRESS.

of embroidery, a wider band passing around the skirt just below the knees, giving the effect of a straight flounce. The straight close fitting bodice is given the fashionable short waisted appearance by means of a girdle of embroidery.

### Rich Brocades.

Wonderful brocades are in the market. A gorgeous specimen has a gold tinsel foundation thickly embellished with a shaded rose red velvet pattern. White satin meteors, interwoven with golden flowers, are as gorgeous to behold as they are a sensuous joy to touch. It can easily be understood that such material needs an artist for its manipulation, as well as the purse of Fortunatus to acquire. Absolute simplicity is essential to its making, but it must be the simplicity contrived with artifice, with such handmaidens as rare gold and old lace.

## CHIC JEWELRY FOR THE SUMMER GIRL

Square Wrist Watches and Solitaire Locketts of Enamel.

Enameled ornaments are still very much worn, and new forms have been found for them. The wrist watches that are seen now are made square and very thin, with the face of the watch set in the center.

Not only are there square watches for the wrists, clasped round by means of straps of dove and pearl gray leather, but the new locket watches are of the same shape, and very quaint and attractive they look. Locketts are being sold again to an increased number of people, and especially as a gift from a lover to his lass.

A beautiful square locket made of flame colored enamel, symbolic of the ardor of love, has the words "For You" in diamonds across the front, while another has the more stereotyped words "Good Luck" traced in pearls upon the surface. The portrait is incised at the back of the enamel.

When a few seasons ago ropes of pearls with tasseled ends were introduced it was wondered whether the fancy for them would be a fleeting one or not. It has not only returned, but has brought in its train a liking for threaded pearl bracelets and for other ways of stringing pearls, just as children thread their beads to make necklaces and rings.

The effect is light and very graceful, and particularly in the lists of presents given to girl brides one finds numerous ornaments for the hair, throat, wrist and corsage produced in this elegant way.

The new cuff links are gay as well as dainty, and especially attractive are the harlequin sets. Each mound shaped end sparkles with stones of different colors, on one side rubies and diamonds and on the other emeralds and diamonds or other combinations.

### Panels on Skirts.

Skirts are narrower than ever. Mostly they have a flat stitched panel down the back, and occasionally they have a panel in the front, but their circumference is very limited and the material dark. The coats which complete these suits, when reaching to the hips, which is their usual extent, are abnormally tight round.

## Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

# TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

### Picnic.

The Cow boys will begin a meeting at Breeding Friday night June 23.

Tennessee fever is raging in this country at the temperature of 105. Lewis Reece of Breeding and Annie Strange went to Tennessee and were married the 18 of this Month. This makes six couples who have gone to

Tennessee from about here this year.

Mr. Nolen Petty's wife is very bad sick. The doctor says she has malaria fever and is bordering on typhoid.

Miss Altie Morgan is clerking in the store at Picnic for Mr. Melvin Petty.

Mr. Edd Wooldridge is able to be at work and will soon be all right.

### HUMAN SKULL PUZZLE.

A Cavity That May Have Been the Seat of a Sixth Sense.

Despite the progress of physiology the study of the human body is full of mystery. Some of its well known organs have never revealed either their uses or the reason of their creation. The part played by the spleen in human life was discovered but recently. It is now regarded as one of the principal agents in the circulation of the blood. But there are in the marvelous human organism mysterious parts which it is possible that no savant, however profound his learning, may ever understand. For instance, in the skull, behind the cartilage of the nose, there is a little cavity of unknown origin. Physiologists believe that at one time—several thousand generations ago—it contained a gland consisting of two lobes joined by their common base.

This cavity—the delta turcica—is, in the opinion of certain savants, the vestige of a sixth sense which was of great use to the antediluvian ancestors of man. It is believed that this little gland enabled them to see in the darkness when they had not yet learned the secret of procuring light; that it was the seat of the mysterious sense of situation or locality, the power to orient their course, the sense so highly developed to this day in savages and certain animals. The theory is plausible, but it is doubtful whether man will ever acquire any real knowledge of the reason for the existence of the delta turcica.—Exchange.

### NESTS IN COLONIES.

Homes of the African Grosbeaks as Big as a Native's Hut.

The biggest bird's nest in the world, not excepting the stork's, is built by the African grosbeak. It is really 100 nests or more bound together with closely interwoven sticks, vines and strands of coarse grass and is not built by a single pair of birds, but by a colony of them. It is of such enormous size that at a little distance it is often mistaken for one of the native huts built in the trees so frequently found in wild tropical countries where man eating animals abound, and the only way to sleep in safety is to "roost high."

The birds usually select a thorn tree, probably because of the protection afforded by the sharp, long thorns against marauders. All around the nest the roof of sticks, thatched with dry grass, projects to let the rain run off. A deep fringe of grass hangs from this cornice like a curtain to keep out any stray drops. These great nests are added to from year to year, each pair of mated birds building on the main nest. Sometimes the nest becomes too heavy, and the branch breaks or the great mass of sticks falls to the ground, destroyed by its own weight. The grosbeak is no larger than an English sparrow and just as gregarious.—New York Press.

### Honesty Extraordinary.

A traveler writing in an Italian magazine says that the Swiss canton of Ticino is inhabited by the most honest folk it is possible to imagine. In most of the Ticinese villages, the writer says, the oldest inhabitants do not remember any case of thieving, however petty, within a lifetime. Lost objects when found must never be taken away; they must be left where they were dropped or placed in a conspicuous position so that the rightful owner can find his property more easily. The case is cited of an American woman tourist who lost her purse on an excursion in the Val Capriosa. The purse contained gold coin and a jeweled watch. Upon returning from her trip she found the purse with its contents intact on a little heap of leaves, so placed that it could not fail to attract her attention.—New York Sun.

### The Parsees of India.

It was at a point near the ancient city of Surat that the Parsees first landed in India when driven out of Persia by their Mohammedan conquerors seven centuries ago. Few things are more remarkable than the manner in which this small community has retained its religion and racial characteristics unchanged during that long period. The peculiar style of head-dress worn by the Parsees is said to have been made compulsory by the Hindu king of India when the Parsees first obtained refuge in that country, and they have used it ever since. Today the Parsees are the leading commercial nation of India.

### Told Him In Few Words.

A man once wrote to the Rev. C. H. Spurgeon, the famous preacher, saying that he had heard he smoked and could not believe it to be true. Would Mr. Spurgeon write and tell him if it really was so? The reply was:

"Dear Sir—I cultivate my flowers and burn my weeds. Yours truly, C. H. Spurgeon."

### Puzzling.

Millions—Do you think you will learn to like your titled son-in-law? Billions—I don't know. I can't tell where to place him in my expense account. He is neither a recreation nor an investment.

### A Child Wonder.

"What a wonderful memory your child has for names and faces!" "Yes," replied the proud mother. "She never fails to recognize any of her former stepfathers."—Judge.

True glory consists in so living as to make the world happier and better for our living.—Pitts.

### PURE FOOD LABELS.

They Were Used In Palestine as Early as the Year 850 B. C.

Professor George A. Reisner of Harvard university discovered among some specimens of earliest Hebrew writing in the excavations of the city of Samaria, in Palestine, a most interesting record of the first pure food laws in history. He also found ancient writings dealing with the first instance on record of the keeping of wines in a government warehouse under bond.

Dating back to the period of King Ahab, 850 B. C., these inscriptions are considered to be one of the greatest finds of the Harvard Palestinian expeditions which delved into the city of Ahab and Omri for three years. They found labels on wine and oil jars. These mention the year in which the wine was laid down in the cellars of the palace storehouse, and they state the vineyard from which the wine came, important facts that are recognized equally well by vintners today.

On the oil jars the label runs, "A jar of pure oil," with the mention of the district from which the oil came. The bits of pottery on which the descriptions were written were not parts of the jars, but were evidently intended to be attached to the necks of the receptacles, just as are labels or seals at the present time.—New York World.

### WOOL, SILK AND LINEN.

Tests That Will Determine the Quality of the Fabrics.

If you wish to find out whether the material sold to you as all wool or all silk is really so make a 5 per cent solution of caustic potash and in this boil your sample of silk or wool. If the entire sample is consumed in the boiling your material is what it pretends to be; if there is a residue that residue is cotton. The caustic solution consumes the animal fibers.

If you wish to find out whether the silk that seems to be heavy silk is weighted with mineral burn the sample and the ash will show you how much mineral weighting there is. The pure silk will be wholly consumed.

In buying supposed linen goods of toweling or suiting, dip your sample into concentrated sulphuric acid for two minutes and wash it out carefully. The cotton will have been consumed, the linen will have resisted the action of the acid. This test is one that should be made with precaution, as vitriol is not a thing to be tampered with.—Mary Heaton Vorse in Success Magazine.

### Right and Wrong Exercise.

The word "exercise" covers a multitude of sins. It is a very loose term used for any form of physical exertion, be it sweeping out a factory, walking home from the office or lifting dumbbells. To say "Exercise is beneficial" is a very inaccurate remark and a very dangerous belief. It is necessary to distinguish between right and wrong exercise. As often as not big muscles in arms, chest or legs are a calamity, for they actually shorten life unless the vital organs are proportionately developed to take care of them. Men are constantly wearing out their hearts and arteries with some form of violent work they call "exercise." If continued they would die of arteriosclerosis. A pretty good general rule for these men to go by is to take no form of exercise after they are grown up that they cannot keep on with until they are old men.—J. Edmund Thompson in National Magazine.

### Needed the Money Badly.

A newspaper man of Washington was approached one morning by a friend who wanted to borrow \$5. The newspaper man, assuming an expression of great sorrow, pulled 20 cents out of his pocket and remarked:

"I'm sorry, old man, but you've struck me just before pay day, and I'm broke."

Having made this crafty excuse, he, mentally speaking, pinned a gold medal on himself for having evaded the prospective borrower.

"When is your pay day?" asked the friend.

"Tomorrow afternoon," replied the newspaper man.

"All right," said the friend. "I'll come around then."

And he did.—Popular Magazine.

### Merely a Test Case.

A burly negro came to the doctor of a West African missionary settlement, dragging his reluctant wife with him.

"Doctor, pull one of my wife's teeth out," said he.

The doctor examined the woman's mouth and found only sound teeth.

"Oh, that makes no difference," said the interested negro. "Pull one anyway. If it doesn't hurt her too much then you can pull my tooth that is aching."—Success Magazine.

### The Borrowing Neighbor.

"Say, John, yer haven't been over ter my home since my birthday gatherin', jest a year ago ter-morrer."

"It ain't that I have hard feelin's ag'in you, but you have so confounded many things what belongs ter me that when I come it kind o' makes me homesick."—Pittsburg Times.

### Mistaken Identity.

Walking down St. James' street, Lord Chelmsford was accosted by a stranger, who exclaimed, "Mr. Birch, I believe?"

"If you believe that, sir, you'll believe anything," replied the ex-chancellor as he passed on.—A Book About Lawyers, by Jefferson.

There is a caution which may defeat itself; there are many crises in our life when safety lies in courage.

## LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometimes need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative.

It is a tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

### Escaped with His Life

"Twenty-one years ago I faced a awful death," writes H. B. Martim, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything, I could hear of, for my cough and was under the treatment of the best doctor in Georgetown, S. C. for a year but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure. 'Its positively guaranteed for coughs, colds, and all bronchial affections. 50c & \$1.00. Trial bottle free at Paul Drug Co."

### Angels Visit.

After almost 5 months illness, Miss Zilpha O. Hughes was called home where she for several days had prayed the angels would come and take. She obeyed the Gospel, sought for her salvation early; the Lord blessed her at the age of 16, she was baptised, joined the Baptist church. Since then has lived a christian life, good to every body. She was always ready to help the needy, and would shout and sing good songs when her voice was a whisper. She would ask her friends to meet her in heaven. May God be with the parents and family in their bereaved state.

A large crowd attended the funeral services held at the grave, conducted by Bros. Simon Perkins and Charley Kinnett.

## Gradyville.

James Diddle and James Wilmore were in Columbia last Saturday.

We are having plenty of hot weather at this time.

Will Diddle has been on the sick list for several days.

Our farmers are having their wheat threshed this week.

Rev. J. R. Crawford filled his regular appointment at union last Saturday and Sunday.

Nell Bros., are busy prizing tobacco this week.

Will Hill, who has been in Western Kentucky for the past six months in the interest of Pratts food., returned home last week.

H. A. Moss, of Greensburg, was in our midst a few days of last week.

Dr. S. Simmons was at Jamestown last Saturday and Sunday.

The protracted services will begin here on the 6th, conducted by the Roberts Bros., everybody invited to attend.

Several from this place attended the picnic at Columbia on the 4th.

The young folks of the Union Sunday School will give a picnic in the afternoon on Saturday before the 4th Sunday in July, in the grove near the church. Refreshments will be served and everybody invited to attend.

There has been a great revival near this place at a school house, known as Seth's chapel, conducted by Rev. Breeding. Up to this time there has been twenty professions and the community greatly revived.

Messrs. Yates and Co., of Columbia, are drilling wells in our city at this time. They have completed three and will drill one or two more before they leave. They certainly understand their business.

Gov. J. R. Hindman of Columbia called in to see us one day last week on his return from his farm. The Governor was feeling good and looking all right and it was only a few minutes after his arrival until he had a number of our citizens around him to hear him in his very interesting conversation. We are always glad when he comes in to see us.

The primary election is a thing of the past, and we must say here that our Democrats are well pleased with their ticket. We have just this kind in this part of the county, that we are perfectly willing and are satisfied with any ticket this great party of ours in the State will nominate. We cast our votes on last Saturday for the men, that we thought was the strongest and best qualified for the various offices, but if the majority of our votes in the State did not see as we did we have no fight nor discord in our party here in old Gradyville precinct. You will see at the November election that we will come up with our strength for there was not a man on the ticket, let him be whom he may, but what we one and all can support most heartily, and we must say here again this is the feeling of our party in this part of old Adair.

There was a singing at Mr. J. C. Hays' last Monday night in honor of their visitors.

Mr. U. M. Grider has returned from Louisville.

Bro. Black filled his regular appointment at Clear Springs last Sunday there was a singing in the afternoon.

Floyd Bro. are bucking staves in this neighborhood.

Mr. Calvin Maupin has about finished sawing at the Walker Bryant set and will soon move his sawmill to the Redmon set.

Mr. George T. Bryant has just finished digging a well.

Mr. T. M. Grider had the misfortune of losing a good mule a short time ago.

## Cane Valley.

Miss Bessie Black of Creelsboro a quite pretty little girl is visiting her brother Rev. Black.

Mr. O. P. Watson the champion tobacco setter of Holme was here during the damp weather helping the Leslie McFarland with his tobacco.

Mr. and Mrs. F. P. Rice of Campbellsboro were here several days of last week.

Mrs. Sallie Davis of Taylor county was here last week to see her brother T. C. Dudgeon who is quite feeble.

Mr. Ira Vaughn of Highland Park was here to see his grandmother Mrs. Amanda Vaughn who was dangerously ill last week.

Oma Edington of South Louisville made his people a visit last Sunday.

Mr. Cicero Hood arrived with his new threshing machine last week and is giving the farmers perfect satisfaction. Mr. Hood is a good man for the business and we wish him success.

Willie Callison of Campbellsboro was here several days this week.

Mr. and Mrs. Wm. Francis of Campbellsboro were visiting the family of John McFarland last Saturday and Sunday.

Forty two years last Saturday W. H. Hudson Josh Butler and S. A. Murrell caught their first red fox on the Wm Van Hoy farm two miles east of this place. The red at that time was scarce. They captured him alive and carried him to Columbia in the evening and placed him on exhibition.

## Bakerton.

We are having some very hot weather, and not much rain.

Every body and his boys are making hay.

Corn looks fine—prospects were never better.

Mr. Lock, with Spurlock Neal, of Nashville, was here last week.

It's a boy at J. A. Parrish's, and he's all smiles.

Charley Smith caught a fish that weighed 28 pounds.

Miss Myrtle Morgan is visiting her uncle and cousin, G. M. and Lois Dillon.

Uncle Jim Mackey is 77 years old, and says he never took a dose of medicine in all that time.

G. M. Dillon has a new lawn swing. He says he can pass the long evenings off better.

Miss Mary Ruth Winfrey, of Beck's Store, has been visiting her cousin, Bettie Jane Irvin.

Miss Hattie Glidewell attended the last examination at Burkesville, and received a first-class certificate. She only lacked 4-11 of a first in the May examination.

Only a few days until the election. Some one will get beat if they don't mind.

There was a social gathering on Traylor ridge the night of the 22nd.

Messrs. Roy and Sam Edmonson and Charlie Smith, visited H. C. Parrish, several days ago.

E. A. Wingfield with H. E. Bucklen & Co, stopped over night in this town, some days ago.

We have a nice little tide in the Cumberland—something the little boats have been looking for, for some time, but they are making slow progress.

Mr. W. H. Cole, who has been on the sick list for a good while, is not any better.

## Big Elm.

Mr. and Mrs. G. W. Hays visited at Russell Springs, Saturday night and Sunday.

Mr. L. V. Turner and family were visiting at Mrs. D. W. McFarlands, last Sunday.

Mr. and Mrs. G. W. Collins spent the day with Mr. and Mrs. J. A. Turner, last Sunday.

We are glad to report that our sick list is short this week.

Mr. Nat Murrell, of our town, was confined to his room two or three days last week, but is out again.

Mr. Wiley Gifford, of Gensfork, spent the day last Sunday, with Mr. J. A. Turner, of Big Elm.

It is reported that Nat Murrell,

of our burg, eat seven half grown rabbits at two meals back in wheat cutting time.

Mr. J. A. Turner shot and killed a very large water moccasin, in Cabin Fork, one day last week.

Mr. Ike Vaughan, an old and respected citizen, of our town, one of the hands employed on J. A. Turner's farm, is a hustler for a man of his age. He is 73, and gets about like a boy.

Miss Fannie Vaughan visited Mrs. J. A. Turner, Tuesday.

Mr. and Mrs. Nat Murrell are stopping at Mr. Willie Melson's, one night last week.

Several from this place were in Jamestown, last week.

The Irish potato crop is nearly a failure in this section.

The hot, dry weather a week or so back, came very near ruining the gardens in this section. Irish potato and bean vines died. We have only had a few light showers up to this writing, but they have done a world of good. Corn looks very well considering the dry weather that has been. Most farmers plowed deep to raise moisture from below. Wheat is above the average, and it is estimated that there are 1,000 bushels in this valley.

Two threshers started Monday, one at Denmark, and the other at Esto.

Some time back in that dry weather, when the gardens were burning up and the sun scorching hot, some of the people began to murmur. Some wanted to hold prayer meeting to ask for a shower. That reminds your humble pen pusher of a very dry spell several years ago, when there was a prayer meeting appointed at a certain church on a certain day, and the congregation had about all come in, and were waiting for a certain public man to come. In a short time he walked in and said to the crowd; "Well Brethren, I don't think our meeting will do any good, for the wind is from the East, and I never knew it to rain in my life when the wind was from that quarter."

## Dunnville.

Every thing is greatly revived by the good rain we had last week.

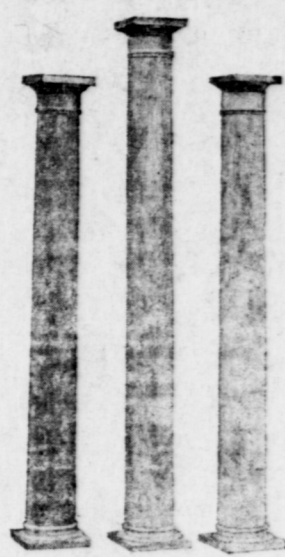

A large crowd attended the ice cream supper at Jo Thomas'. Some fine music was rendered on the violin and guitar by Geo. Ellis and Miss Thomas.

A. D. Tarter, of Tarter, Ky., was visiting friends and relatives in this neighborhood, last week.

Several of our farmers had severe attacks of sun grinn during
